

WHATS_EduCentre™

FeaturesDemoPrivacy

Your Local-First AI Creative Studio

WHATS_EduCentre™ V3 is a privacy-first creative environment powered by Google AI. Your data, your projects, and your ideas remain securely on your device.

[Enter Your Secure Studio](#)

Your Creative Sanctuary

Our local-first architecture means your work stays on your device. Experience unparalleled privacy, security, and complete ownership of your data.

Total Privacy

Your prompts and creations are processed on your device, never leaving your control.

Enhanced Security

Benefit from robust security protocols without exposing your data to the cloud.

Data Ownership

You own 100% of your inputs and outputs, with no intrusive data mining.

Explore Our Flagship AI Modules

Asuite of powerful, integrated tools designed to streamline your creative and educational workflows.

WHATS_sight™

Provides real-time visual analysis and interpretation of images, videos, and live feeds.

[Try This Now](#)

WHATS_showme™

Offers contextual UI analysis to help you understand any part of the application with a single click.

[Try This Now](#)

Creative Canvas

Synthesize text, images, and videos with Gemini, Imagen, and Veo to create rich, multi-asset educational content.

[Try This Now](#)

The Workbench

Chat with context-aware AI personas that understand your project files and provide tailored feedback.

[Try This Now](#)

Interactive "Try It Now" Experience

Jump right in. Select a function to see a live demonstration of its capabilities.

Record Audio

Capture a quick voice note or idea directly into your Studio.

[Try This Now](#)

Import from URL

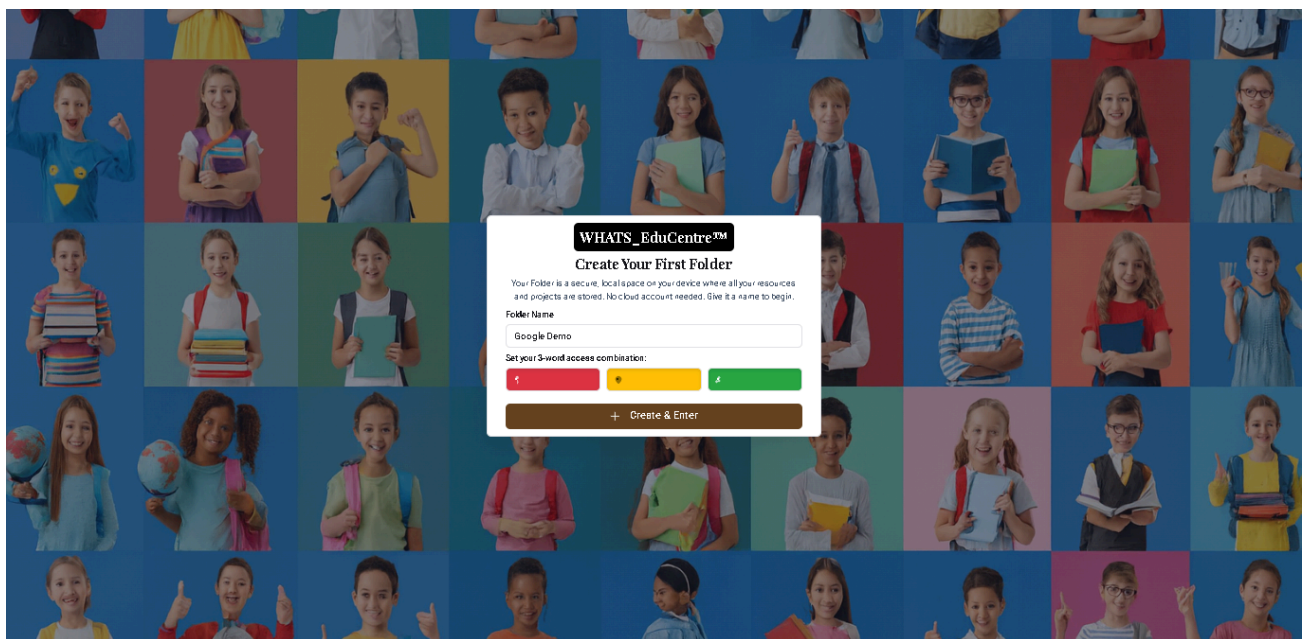

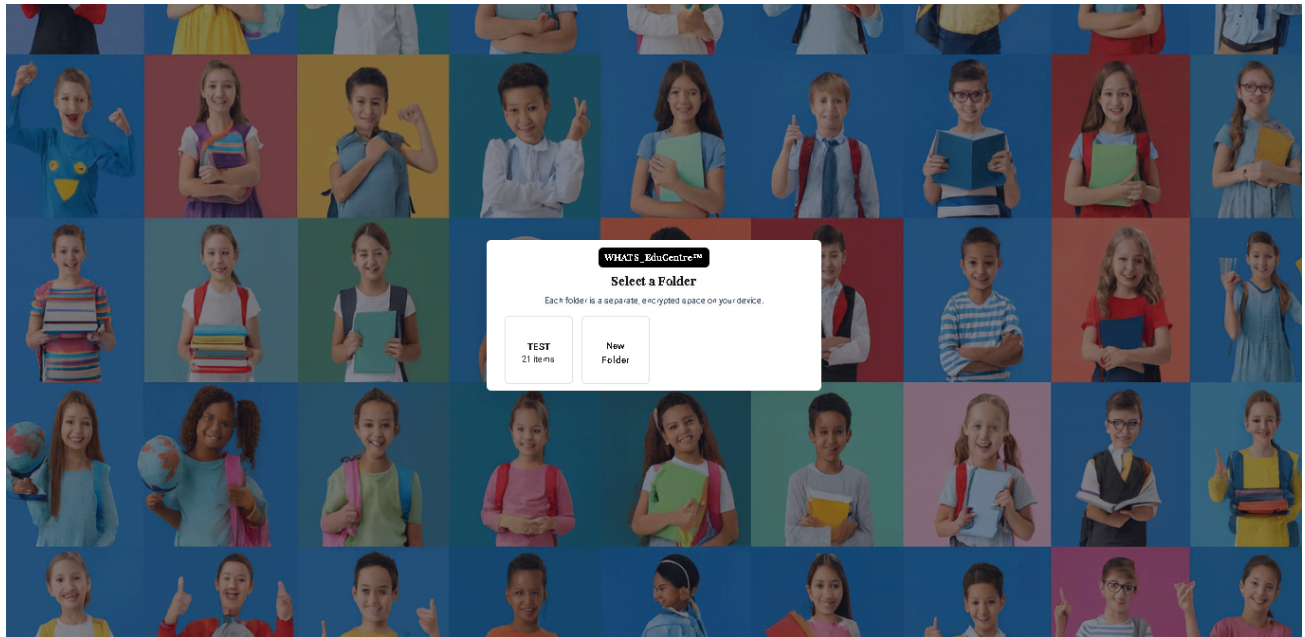

Grab the content from any webpage and bring it into your project as an HTML file.

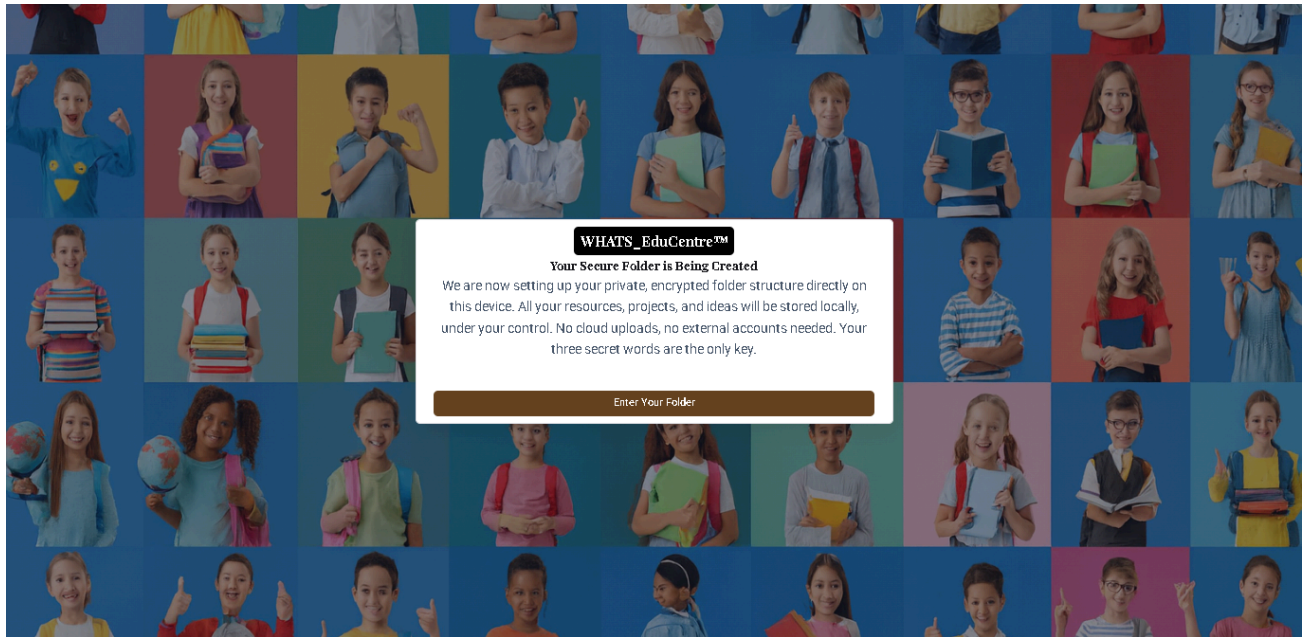

[Try This Now](#)

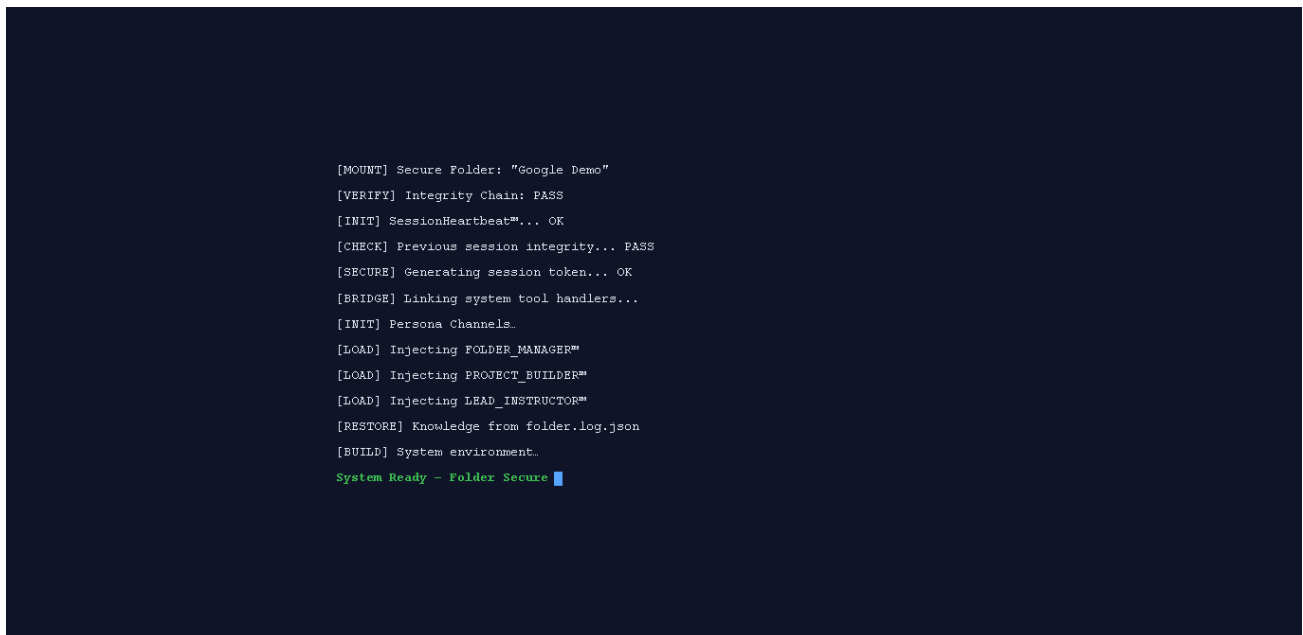

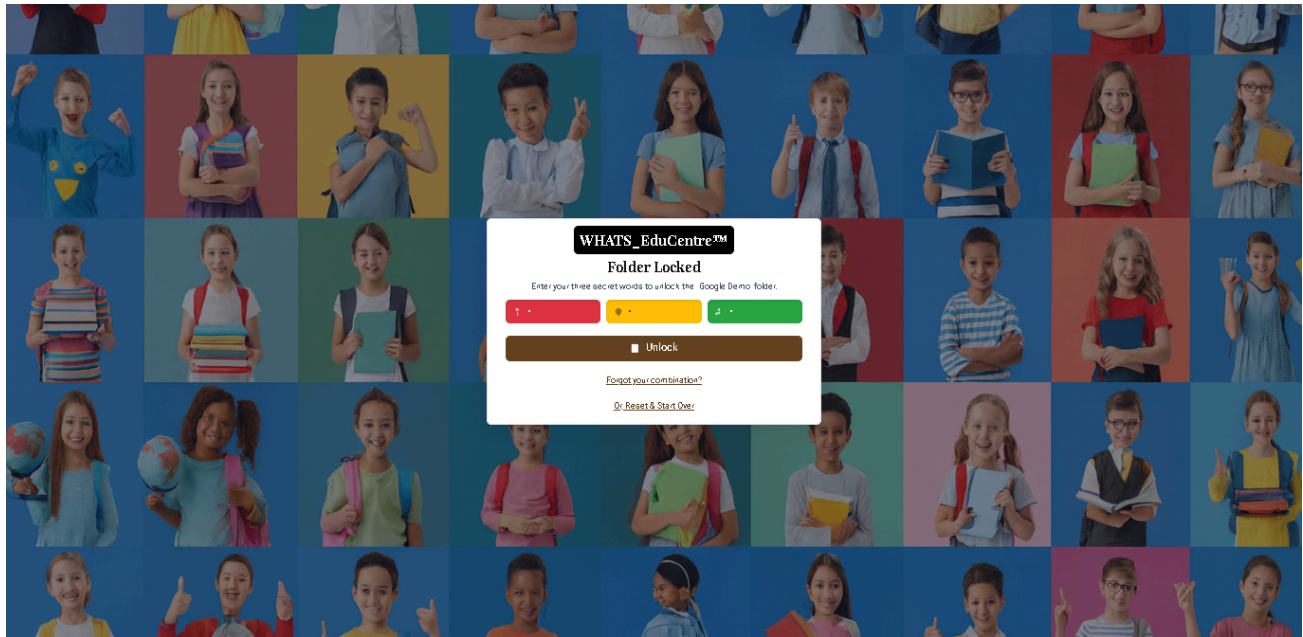

Record Webcam Video

Need a quick video? Record directly from your webcam into the Studio.

The Gathering Coasts

The Viscontespers use their special gear to explore the beaches and towns with human children.

The Whispering Deep

Human children with a resting gear visit the Viscontespers in their natural underwater world.

WHATS_wendythewhale™

The Day the Ocean Went Quiet

Wendy the Whale hears silence for the first time. So wherhing has gone wrong beneath the waves.

Wendy's Voice

Wendy sets out to find the lost songs of the sea.

The Gathering Coast

All voices begin to unite -- children and mecasia alike.

The Song Reborn

A single note sung by a child restores the ocean's heart.

WHATS_supermarine5™ Chapters

Captain Finn's Oath

Finn the Greenblake remembers his vow to protect the young voices.

Sammy the Trickster

Sammy the Seal plays through shadows to uncover a hidden clue.

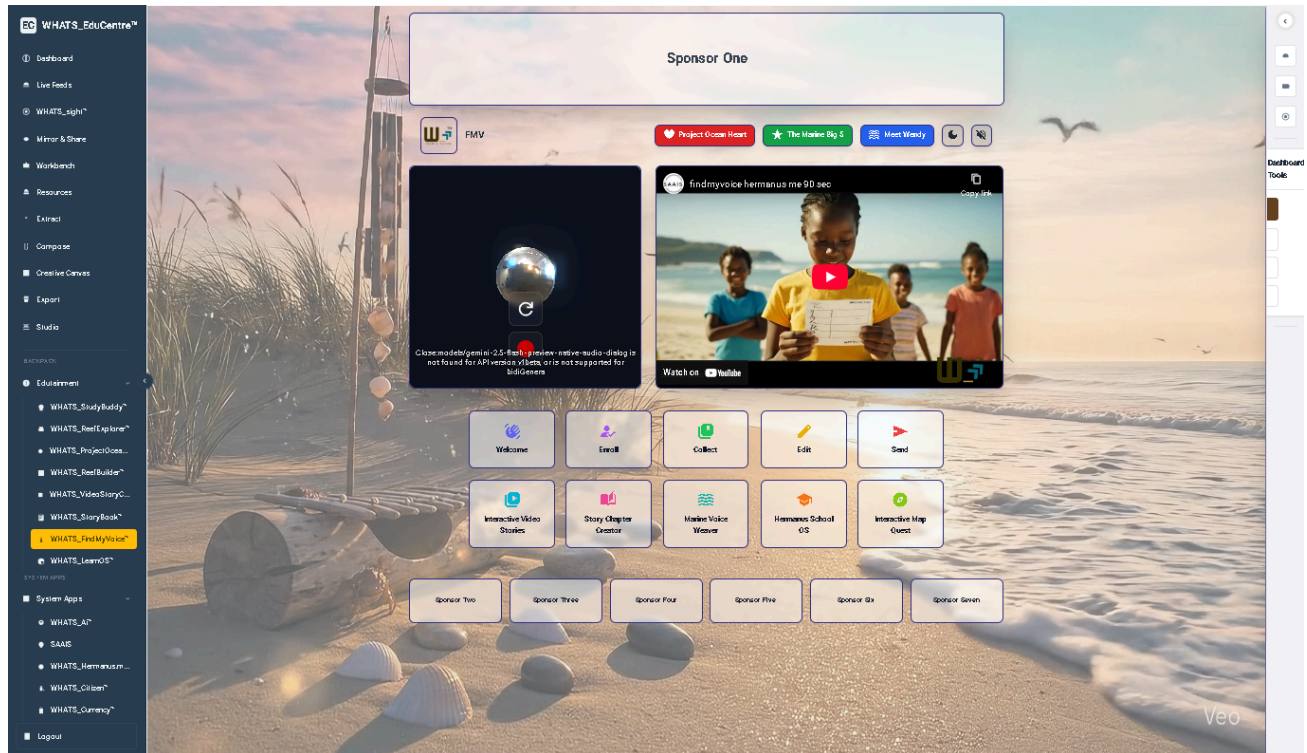

PJ's Penguin Message

PJ maddles far and wide to deliver a message only kids can decode.

Echo's Secret Signal

Echo uses sonar to bounce messages into hidden places.

Where Whales Meet the World

Join us in Hermanus for the 2025 Whale Festival launch. Experience the magic of the coast, learn about marine life, and support a regenerative economy.

Hermanus Whale Festival 2025 Launch

The Festival is On!

Explore Our Systems

Ethos

Our ethos is rooted in the belief that the health of our oceans is intertwined with the well-being of our communities. We strive to create a harmonious balance between conservation, education, and economic growth, ensuring a sustainable future for all.

Mission

Our mission is to inspire and empower individuals to become stewards of the ocean. Through immersive experiences, educational programs, and support for regenerative economic initiatives, we aim to foster a deeper connection with marine life and promote responsible practices.

Regenerative Economy

We are pioneering initiatives to build a local economy that actively restores our marine and coastal ecosystems. From blue carbon projects to supporting sustainable local businesses, our goal is to create a system where nature and commerce thrive together.
